The school will be conducting Home Based E-Learning Days from **19 October 2017 to 24 October 2017** for the Primary 1 to Primary 5 levels. All Primary 1 to Primary 5 students do not need to report to school as they will be required to carry out home-based learning assignments given by the school on those days.

The objectives of the Home Based E-Learning Days is to :

- enhance learning through the use of information technology, and
- familiarise the students with a learning environment that is necessary in the event of a national emergency when schools have to be closed.

The students can login to [www.mconline.sg](http://www.mconline.sg) and <https://problemsums.koobits.com> or access the website through our school's home page for their e-learning activities on that day.

If your child/ward is unable to login to the MOnline portal account, please contact the MOnline portal helpdesk at **6777 5198**.

If your child/ward is unable to login to the Koobits portal account, please SMS/WhatsApp to **8484 6624** with your Login ID, Full Name, School and Class. You will receive new password usually **within 1 working day**.

Students' parents are encouraged to access and monitor their child's learning progress via the same portal.

Please ensure that your child/ward has access to a computing device (e.g. computer, tablets and smart phones) with Internet access on the E-Learning Day. Students with no access to Internet may go to National Libraries, Community Centres, a relative's home or places with Wireless@SG to access the Internet.

We look forward to your continued support in looking after your child's / ward's learning.
