2 August 2017

Notice to Parents : **84 / 2017**

Dear Parents/Guardians,

P4 Values in Action Programme

As part of our school's character education programme, the school has arranged for our Primary 4 students to participate in a Values in Action programme using the Design Thinking approach.

This will enable students to better empathise with community issues, as well as to think through problems and solutions in a more structured manner. The programme will also help students to identify key character strengths, and use these strengths to manage their own behaviour as well as work better in teams. Additionally, students will be given opportunities to present their ideas and solutions to their peers, building on their confidence and communication skills.

We believe problem-solving, ideation and teamwork are very important skills, especially in today's fast-changing environment. As such, the programme will also be fully subsidised by MOE. Parents are strongly encouraged to make arrangements for your child's attendance.

Details for the programme are as follows:

Date	Time	Remarks
Fri, 11 Aug	2.00 pm – 3.30 pm	Session 1
Mon, 14 Aug	2.00 pm – 3.30 pm	Session 2
Thurs, 24 Aug	10.30 am – 1.30 pm (curriculum time)	Session 3

We encourage you to be a part of your child/ward's learning experience. Ask your child/ward to share about his/her experiences at home, and discuss key learning points further with him/her.

Thank you.

Ms Tan Chay Eng
Principal
