Dear Parents/Guardian,

Learning Journey to Sungei Buloh Wetland Reserve – Primary 6

In line with our school's emphasis to develop our students' academic potential to their fullest, we have arranged for a learning journey to Sungei Buloh Wetland Reserve for Primary 6 students. This learning journey provides our students with opportunities to relate the concepts learnt during their Science lessons to real-life examples in the natural world.

Objectives of the programme
Students will be able to:
1. gain relevant knowledge on the biodiversity that can be found in the reserve.
2. appreciate the diversity of wildlife in a local context.
3. understand how organisms in the reserve adapt structurally or behaviourally in order to survive.

The total cost of the learning journey is $15, which will be fully subsidised by the school. Hence, it is important for your child/ward to sieze this opportunity and attend the learning journey.

The details of the programme are as stated below:
