Dear Parents/Guardian,

## Learning Journey to Botanical Gardens – Primary 5

In line with our school's emphasis to develop our students' academic potential to their fullest, we have arranged for a learning journey to the Botanical Gardens for Primary 5 students. This learning journey provides our students with opportunities to relate the concepts learnt during their Science lessons on 'Reproduction in Plants and Seed Dispersal' to real-life examples in the natural world.

### Objectives of the programme

Students will be able to:

1. gain relevant knowledge on the biodiversity that can be found in the garden.
2. appreciate the diversity of wildlife in a local context.
3. understand how plants in the garden reproduce and adapt structurally or behaviourally for seed dispersal.

The total cost of the learning journey is \$15, which will be fully subsidised by the school. Hence, it is important for your child/ward to seize this opportunity and attend the learning journey.

The details of the programme are as stated below:
