Dear Parents / Guardian,

As part of our Learning through Internationalisation Programme to prepare our students for the challenges of a globalised world, the school is organising an educational and cultural immersion programme to Thailand from 15 Sep to 18 Sep 2018 for selected Primary 5 students.

The main objectives of the trip are :

1. To create opportunities for the students to broaden their global outlook through first-hand experience in an ASEAN country;
2. To increase student's knowledge and understanding of Singapore's neighbouring countries as well as the constraints, challenges and opportunities encountered;
3. To provide opportunities for students to interact with Thai students exchanging and learning about the cultural differences between Thailand and Singapore;
4. To inculcate a global perspective and deepen commitment and rootedness to Singapore; and
5. To inculcate empathy in students and teachers by raising awareness and facilitating the inclusion of international students in our community, despite coming from diverse ethnic group

The tentative programme includes lessons and activities based in a local primary school as well as learning journeys to cultural sites in Thailand. Students will have opportunities to interact with local students and experience life as a student in Thailand. This programme will also provide your child an opportunity to be independent and to further enhance their interpersonal and communication skills.

- \$ 170.00 (20%) - to be paid by students as follows through Edusave Account
- \$ 680.00 (80%) - **Subsidized by School**
